Tender Questions	Please direct any questions regarding this Tender, in writing, to: bids@laurenbros.com . The deadline for submitting questions will be March 25, 2025

2.0 Request for Proposal

- 2.1 Lauren Bros. Construction Ltd (LBCL), acting as Construction Manager, invites proposals from trade contractors to complete the work as described in these Tender documents.
- 2.2 By submitting a proposal the proponent is representing that they have the competency, related experience and qualifications to perform the work required by these documents.
- 2.3 Proposals must be submitted on the RFP Response Form included in Appendix A. Proponents acknowledge that these forms must be fully completed and executed.

3.0 Project Description

- 3.1 Refer to Specification Section 011000 for a full description of the project.

4.0 Tender Validity Period

- 4.1 All submitted proposals shall be considered valid and irrevocable for a period of **30 days** commencing at the close of the Tendering period.
- 4.2 Proponents will be notified in writing if their proposal was unsuccessful.

5.0 Modification or Withdrawal of Proposal

- 5.1 Proponents may modify or amend any submitted proposal prior to the closing time indicated in this Tender.
- 5.2 A proponent may withdraw a submitted proposal prior to the closing time indicated in this Tender.
- 5.3 All proposal modifications and / or withdrawals **MUST** be completed in writing and submitted to bids@laurenbro.com .

6.0 Late Proposal Submissions

- 6.1 Proposals, including all RFP Response Forms, must be received at the delivery address prior to the closing time stated above.
- 6.2 Late and / or incomplete submissions will not be considered. These documents will be returned unopened to the proponent.
- 6.3 It is the sole responsibility of the Proponent to ensure that their proposal is received prior to the submission deadline. Lauren Bros. will not accept any responsibility for failed or late delivery of any proponent's proposal.
- 6.4 In the event of a dispute the electronic time stamp of the receiver's email will govern.

7.0 Additional Information and Changes to Bid Documents

- 7.1 Any changes or additional information relating to this RFP will be provided by way of formal written addendum.
- 7.2 Questions related this RFP should be directed to bids@laurenbro.com . Any clarifications, changes and / or additional information that arises out of these questions will be provided by way of the addendum.
- 7.3 All proponents are advised to direct any communications directly to bids@laurenbro.com . No direct communication with the Owner and / or Consultant team will be allowed.
- 7.4 Any verbal communication will not be considered with this RFP.

8.0 Right to Reject

- 8.1 The lowest bid may not be the successful bid.
- 8.2 The proponent will be solely responsible for their costs in submitting a proposal.

- 8.3 The Owner reserves the right to reject all proposals and cancel this RFP at any time and for any reason that they feel necessary.

10.0 Award of Subcontract

- 10.1 By submitting a proposal for this RFP, the proponent agrees to enter into a subcontract agreement with LBCL.
- 10.2 Any successful proponent will be notified as such in writing.
- 10.3 The form of subcontract will be an unmodified CCA 01 subcontract agreement.
- 10.4 The lowest bid may not necessarily be accepted. LBCL reserves the right to negotiate with any and all proponent(s).

BID PACKAGE Demo 3 – Complete Demolition of Electrical System

APPENDIX B – Scope of Work

1.0 General Inclusions

- 1.1 The intent of this bid package is to be fully inclusive. Each proponent must include all labour, materials, equipment, detailing, engineering, freight, incidentals and appurtenances in order to complete the work as defined and shown on the contract documents. Any claims by the trade contractor for items missed or any misinterpretations of these documents will not be accepted.
- 1.2 This trade contractor will be expected to uphold the intent of the contract documents and provide common detailing around any condition that may not have been specifically detailed in the contract documents.
- 1.3 This trade contractor must co-ordinate with other trades on site. All costs to co-ordinate detailing between other trades, disciplines, consultants and the CM are deemed to be included.
- 1.4 All trade contractors will be expected to attend regular site meetings to review project progress, co-ordination, schedule and safety. Any cost associated with attending these meetings is deemed to be included.
- 1.5 All trade contractors will be expected to follow Lauren Bros. Construction's Health and Safety Program. PPE including hard hats, steel toe boots and hi-vis vests will be required while on site.
- 1.6 Each trade contractor will be responsible for ensuring that any garbage and recycling generated by their work is placed in the provided disposal bins on a daily basis. Daily and weekly cleanup will be required throughout the project. Costs for this are deemed to be included.
- 1.7 All materials shall be delivered to this site FOB. All deliveries shall be co-ordinated in advance with the site superintendent.
- 1.8 There will be no common use forklift or crane on site. All trade contractors must unload and store their materials on site at their own expense.
- 1.9 The trade contractor will be responsible for all submittals required in order to fulfill their work. These submittals must generally follow the requirements outlined in Specification Section 013300. These submittals shall be submitted as timely as possible to LBCL for review prior to being reviewed for final approval by the consultant team.
- 1.10 The trade contractor must compile all their project closeout submittals, documents, information, warranties, engineering, etc. prior to application for substantial completion.

Demo BID PACKAGE 3 – Demolition of Complete Electrical System

2.0 Itemized and Specific Inclusions

With out compromising the common work items required by all trade contractor on this project and listed above in the General Inclusions, the following items are to be specifically included in this Bid Package.

- 2.1 The selected trade contractor will be required to provide a submittal package detailing removal methods, temporary support of items during removal, disposal locations, and details of temporary hoarding and closure of openings left by removed facilities.
- 2.2 Work included in this Bid Package shall be generally, but not limited to:
 - Complete removal of all Electrical items as shown on the drawings, including electrical items as they are uncovered by work of others.
 - Disposal off site of items removed. No removed items will be allowed to be stored on site for an extended duration and must be disposed in a timely manner.
 - Make safe all electrical components and services that are to remain.
 - Provide hoarding to openings left in the existing building once removals are complete. Hoarding shall be weather resistant and provide security from unwanted intrusion.
 - Provide provision in each remaining building for temporary power connections and outlets for construction power.
 - Provide temporary lighting for construction.
- 2.3 Spec sections included as follows:
 - General Notes on Electrical Drawings
 - General requirements of Division 1.
 - Section 024116 as it pertains to Mechanical.
